THE FOUR HORSEMEN OF REVELATION

There are numerous thoughts and commentaries regarding the four horses of Revelation 6. The Book itself, Revelation, means to reveal or an unveiling. It is written for those who study the text to understand without confusion. Thus those with ears to hear and eyes to see would find understanding and knowledge in the text. One does not need high forms of education to understand the word of God. What one does need is a relationship with God. You may have a close friend that you have spent time with. You often know what your friend is going to do in a situation prior to them doing it or perhaps the same with a son or daughter. Why, because you know them. To understand God's word you first must get acquainted with God. It truly was not meant for all to know but for all to understand who study the text and seek God. Few commentaries are in total agreement and some are totally false teachings that Paul warned us about. It is not my intention to say this is so, or that is so. It is my intention to plant a seed. Everything else is between you and the Holy Spirit.

The Revelation of Jesus Christ as shown to John.

THE FOUR HORSES

Prior to seeing the release of the Four Horses, (The first four of the seven seals) John saw the following vision:

And I (John) saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven seals. And I saw a strong angel proclaiming with a loud voice, Who is worthy to open the book, and to loose the seals thereof? And no man in heaven, nor in earth, neither under the earth, was able to open the book, neither to look thereon. And I wept much, because no man was found worthy to open and to read the book, neither to look thereon. And one of the elders saith unto me, Weep not: behold, the Lion of the tribe of Juda, the Root of David, hath prevailed to open the book, and to loose the seven seals thereof. (Rev. 5: 1-5 KJV)
Who steps up that is the only one worthy? It is Jesus. No one else was found worthy to open the seals or to even look thereon furthermore who else could go to the right hand of the almighty “I AM”. This is extremely important to understand because in Revelation 6, it is Jesus who opens the seven seals. This is not to say Jesus is behind what is to take place only that he allows Satan and ungodly men to behave as they choose. Remember the Book of Job, where God allowed Satan to basically do as he chose with Job but not kill him. Regarding the four horses, you will see how God allows evil to unfold however uses evil to bring forth and fulfill his overall plan.

The first 4 seals in Revelation 6 are about 4 unique horses. To help us understand lets go to the Old Testament. In many ways most of Revelation can be found in the Old Testament prophecy thus lets see what we can find regarding horses/spirits.

And I (Zechariah) turned, and lifted up mine eyes, and looked, and, behold, there came four chariots out from between two mountains; and the mountains were mountains of brass. In the first chariot were red horses; and in the second chariot black horses; and in the third chariot white horses; and in the fourth chariot grisled and bay horses. Then I answered and said unto the angel that talked with me, What are these, my Lord? And the angel answered and said unto me, These are the four spirits of the heavens, which go forth from standing before the Lord of all the earth. The black horses which are therein go forth into the north country; and the white go forth after them; and the grisled go forth toward the south country. And the bay went forth, and sought to go that they might walk to and fro through the earth: and I said, Get you hence, walk to and fro through the earth. So they walked to and fro through the earth. Then cried he upon me, and spake unto me, saying, Behold, these that go toward the north country have quieted my spirit in the north country (Zech 6: 1-8 KJV)

The Bible has made it clear that a horse can be symbolic of a spirit as stated above (These are the four spirits of the heavens which go forth from standing before the Lord of all the earth). Thus the 4 horses of Revelation 6 could represent a type of
spirit. Do not forget that the black horse goes to the north country for we will see this latter in our study.

Prior to starting this study regarding the term the "The Four Horsemen" we need to clarify what a horse represents from a Biblical perspective. Zech 6: 1-8, tells us a horse is a type of spirit, however a biblical symbolic horse also represents power. In biblical times a horse equaled power. Did Jesus ride into town on a horse? No, because a horse represents earthly power. Often in the Bible and in this case a horse is synonymous with power, a lot of power. It still is today. Have you ever been around some gear heads and hearing talk as; how many horses is she, 454 pushing 600 horses, stock 327 with 300 horse, etc. If you haven’t stop in at one of the local car shows in your area this summer. This is common talk. HORSEPOWER! Where does the word come from? Prior the combustion and steam engine that’s what power was. Horses! This is where many have gotten confused. Referring to the first verses of Revelation 6 as “The Four Horsemen” is some what misleading. It’s about POWER, Spiritual Power. Four specific forms of power. Prior to continuation we need to verify what has been stated above.

Forces of War: Throughout the course of Biblical history, horses were the mounts of kings, conquerors, princes and soldiers. Riding a horse implied war, doom and victory. Men of peace did not ride horses but rode donkeys or drove oxen. Horses were such a symbol of army strength in Bible times God charged the Israelite Kings not to keep many horses. The Lord did not want the Israelites to trust in their resources of power, but he wanted them to rely on Himself for deliverance and victory from their enemies.

Ps 20: 7 (NIV) Some trust in chariots and some in horses, but we trust in the name of the Lord our God.

Dt 17: 16a (NIV) The king, moreover, must not acquire great numbers of horses for himself.

Ps 33: 17 (NIV) A horse is a vain hope for deliverance; despite all its great strength it cannot save.
Isa 31: 1 (NIV) Woe to those who go down to Egypt for help, who rely on horses, who trust in the multitude of their chariots and in the great strength of their horsemen, but do not look to the Holy One of Israel, or seek help from the Lord.

Horses were etched into the Hebraic mindset early on as representing the worldly power of Egypt and its armies. There are many examples in the Bible where a horse represents power.

Hopefully at this point we can move away from the idea of horsemen and focus on the symbolism of the horse. This symbolism (horse) as we found in the Old Testament represents POWER, also a type of Spirit, which can lead to forms of government, conquerors, famine, pestilence, death and war. If we start the study with symbolical meanings of the text we should continue throughout the study with symbolism and not take things literally. Most all prophecy is symbolical. John was in prison physically when he recorded what was shown to him that resulted with the book of Revelation. John probably did not understand what the Four Horses of Revelation were. John simply recorded what was shown to him.

We are given characteristics of each horse, thus allowing us to verify and discern the probability of our assumptions. Each horse/POWER, must fit its characteristics. We cannot go off on a tangent thinking we have an explanation for one, but not the other. Very much like a puzzle, all pieces must fit or it is not complete or, possibly not correct. Our Fathers Word often teaches with opposites, light verses dark etc. We might also utilize this thought process when we continue this study.

Ezekiel 14: 12-23 is also helpful when studying Revelation chapter 6 for it states: God speaking (when a land sins against me by acting faithlessly, and I stretch out my hand against it, and break its staff of bread and send famine upon it, and cut off from it man and beast. Verse 21: How much more when I send upon Jerusalem my four sore acts of judgment.
Are the four sore acts of judgment synonymous with the four horses of Revelation 6? Maybe, we should also be knowledgeable regarding anytime God stretches out his arm or hand it usually is referring to Jesus. Jesus is God’s right hand prophetically thus matching Revelation 6 when Jesus opens the seals.

Many religious sectors will not be able to accept the prophecy regarding the white horse in Revelation 6. However we must remember prior to going forward in this study that the Pharisees in Jesus time were very religious. They read the Bible daily however Jesus called them on the carpet many times. Jesus stated that a tax collector would enter into the kingdom of heaven before some of the religious Pharisees would.

Jesus and the Apostles warned us continually throughout the New Testament regarding false teachings. Look at the 7 churches noted in Revelation, what Jesus found against them often pertained to false teachings. In Revelation chapter 2: 9 it clearly states there will be tribulation even in the church. We know from history that religious sectors have persecuted the spiritual church sense its inception, (Jesus time). Millions have died in the name of religion. The inquisition killed millions of people in the name of religion.

Do not read over what Jesus stated in the first verses of Revelation (what must soon take place) these things were to soon take place prior his return. Thus we should be able to see prophecy unfolding as stated (soon) after Jesus made this statement. If we are in fact in the end of days we should be able to see the signs.

There are numerous books about the end times and the world coming to an end. Be very careful when reading such teachings. If its not mentioned in the Old Testament its probably not true. The best tool for understanding prophecy is the Bible itself.

Luke 17: 26-30 And as it was in the days of Noah so shall it be also in the days of the Son of man. 27 They did eat, they drank, they married wives, they were given in marriage, until the day
that Noah entered into the ark, and the flood came and destroyed them all. 28 Likewise also as it was in the days of Lot; they did eat, they drank, they bought they sold, they planted, they builded; 29 But the same day that Lot went out of Sodom it rained fire and brimstone from heaven and destroyed them all. 30 Even thus shall it be in the day when the Son of man is revealed.

People will be living their lives just as they did the day before and the day before and the day before right up until the return of Jesus. Just as they did in the days of Noah and Lot, they lived the same as any other day right up to when the rain and fire fell from heaven. Verse (29) above brings this forth by stating “the same day”.

However, when HE does come back, You’ll know it! No mistaken it, missing out, over sleeping, etc. I highly doubt that HE will be the hippie Jesus (peace love dove) that some might be thinking of. Jesus is coming back to take back what is rightfully His. He will crush the Serpents head that now is in control of this world. Get ready for Kick Butt like you have never seen before.

Ephesians 6:12, For we wrestle not against flesh and blood but against principalities against powers against the rulers of the darkness of this world against spiritual wickedness in high places. (KJV)

Throughout this study do not forget (against powers, against rulers of the darkness of this world spiritual wickedness)

On with the study.
JESUS BREAKS THE FIRST OF THE SEVEN SEALS

*I looked up and saw a white horse standing there. Its rider carried a bow, and a crown was placed on his head. He rode out to win many battles and gain the victory.* Rev 6: 2 (NLT)

We have learned thus far from the Old Testament a horse represents POWER a type of Spirit symbolically, which can lead to types of government, conquerors, etc.

We are looking for a worldly power, symbolically white, out of all the colors white needs to be dominant. We need to find a bow and a crown on its head. This verse specifically stated male? Male dominance? He rides out to win many battles and gain victory. As identified prior, this power should be easily identified worldwide if we are utilizing the Old Testament as part of our study Zech 6: 1-8 “for this spirit walked to a fro throughout the earth.”

Global influence with global intentions
One minded spirit, my way or the highway.
Symbolically white.
Extremely powerful
Wins battles however does not have arrows in its bow.
Wields no traditional weapons of war however gains victory.
Possibly male dominated.
A mind set different than the other horses or maybe opposite.

Take yourself to the heaven’s looking down on earth; do not stand in the trees looking for the forest.
DOMINANT COLOR MUST BE WHITE

The early Christian church adopted the Roman symbolism of white as the color of purity, sacrifice and virtue. It became the color worn by priests during mass, the color worn by monks of the Cistercian order, and, under Pope Pius V, a former monk of the Dominican order, It became the official color worn by the Pope himself.

Everything is White, even the transportation.
Okay, if the Pope had a horse what color would it be 😊

MALE DOMINANCE

WORLD INFLUENCE AND POWER

The Vatican constitutes the central authority over the church with roughly one billion adherents. As such, it exerts considerable moral influence among Roman Catholics, in particular, and Christians, generally. The Vatican has diplomatic relations with 172 countries - - more than the United States.
At times, the Pope will be outspoken on issues with clear political implications. We saw this with Pope John Paul II’s statements and actions in relation to Poland and other East European nations before the fall of communism. Many give credit to the Pope and Reagan for the fall of communism.

Ever seen a picture of Vatican City, Extremely Powerful.
The following paragraph was taken from the catholic exchange found online: What basic conclusions can be drawn from all this about the scope of papal power? In short, there is no question that the pope wields tremendous authority, but at the same time, his power does have very definite limits. While nobody on earth may overrule him, he certainly does answer to someone higher than he is.
CARRY’S A BOW

No arrows are mentioned in the bow? The bow wields no traditional weapons of war, but yet rides out to win many battles, and gain victory. Could this be the crosier? Some crosiers are actually bowed!

A CROWN WAS PLACED ON HIS HEAD

Google: Images of Pope crowns, there is to many to list here, however we have provided a few examples:
Where’s a crown even today
Wins battles however does not have an arrow in its bow!
Global power with global intentions:

Wields no traditional Weapons of War!
Not everyone who calls out to me, ‘Lord! Lord!’ will enter the kingdom of Heaven. Only those who actually do the will of my Father in heaven will enter. On judgment day many will say to me, ‘Lord! Lord!’ We prophesied in your name and cast out demons in your name and performed many miracles in your name. But I will reply, ‘I never knew you. Get away from me, you who break God’s laws.’ Mat 7: 21-23 (NLT)

Pope John Paul II traveled the world to build bridges to all non-Christian religions. In a speech he said, “Christians and Muslims, we meet one another in faith in the one God...and strive to put into practice ...the teachings of our respective holy books. Catholicism strategy is to bring ALL religions under the power and influence of the papacy on the basis of unity, but is this God’s intentions?

It is not just Catholicism, its all Christian denominations under the umbrella of Catholicism. Catholicism is symbolical because it is known as the mother church. If the White Horse is Catholicism it represents the corruption in all Christian Denominations, thus aligning with Mat 7: 21-23 where it states many will say! Wake up, this does not say some or a few, it states many!! Yes, many will be saved, however as stated above
many won’t be saved that think they are. Your salvation is pending on you, not a priest or minster.

Mat 7: 21-23, is very clear “Only those who actually do the will of my Father in heaven will enter.” Thus it really does not matter if you are Catholic or any other Christian Denomination. The Bible is clear, “only those who actually do the will of my Father”, the word actually brings forth that some will look as if they are doing the work of the Father, but actually are not.

Could the first seal be Catholicism? If so this seal has been open for sometime. So far all the pieces of the puzzle fit.

Catholicism
JESUS BREAKS THE SECOND OF THE SEVEN SEALS

And there went out another horse (that was) red: and (power) was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword.  Rev 6: 4 (KJV)

Then another horse appeared, a red one. Its rider was given a mighty sword and the authority to take peace from the earth. And there was war and slaughter everywhere. Rev 6: 4 (NLT)

We have learned thus far from the Old Testament a horse represents POWER, type of Spirit symbolically, judgment that can lead to types of government, conquerors, etc.

We are looking for a great POWER, symbolically red, out of all the colors red needs to be dominant. We need to look for a mighty sword (army) or (military). This power will take peace from the earth. This power will invade peaceful nations and countries. Human tragedy, war and slaughter everywhere. A power that is hostile to its own people. As identified prior, this power should be easily identified worldwide if we are utilizing the Old Testament as part of our study for these spirits walked to and fro throughout the earth. Zech 6: 1-8

A great global power,
Global influence with global intentions,
A mighty war machine,
One minded spirit, my way or the highway.
It may over power peaceful nations.
Different than the other horses,
Extremely cruel, war and slaughter everywhere,
It will kill its own people.

Take yourself to the heaven’s looking down on earth, do not stand in the trees looking for the forest.
A GLOBAL POWER KNOWN BY THE COLOR RED

The association of red with communism is rooted by the use of a red flag by European revolutionaries. The obvious symbolism is that of blood. In fact, red flags were used in medieval times to indicate a castle would not surrender, and later by pirates and others to indicate that, if they won NO ONE would be spared (the blood would flow freely).

Symbolically Red
GREAT MILITARY POWER/A MIGHTY SWORD
OVER POWER PEACEFUL NATIONS/TAKE PEACE FROM THE EARTH

Invade peaceful nations, Note: “take peace from the earth”
SLAUGHTER EVERYWHERE
The butchers who ran the Soviet Union killed between 25 million (The Black Book of Communism) and 60 million (Rudolph J. Rummel) innocent humans-men, women and little children.

The monster Stalin may be the greatest mass killer of all time.

Some people think Lenin and Trotsky were “not as bad’ as Stalin, that the 1917 revolution was not criminal from the start, but only became criminal later. This is one of the greatest lies in history. Lenin and Trotsky killed 4 million people-men, women and children-by mass executions, death camps, and state-caused famine.

Not so well known, and hard to believe, is that even in World War Two, the Soviet state was still the no. 1 killer of Soviet citizens, with the Nazis no. 2. Even in wartime, Stalin’s regime was killing more of its own people than even an invading barbaric army could.
It is also often forgotten that the Soviet Union was allied with the Nazis for the first 2 years of the war.

In 1932-3, Stalin and his butchers deliberately starved to death around 7 million utterly innocent men, women, and little children, mainly in the Ukraine. Their food was stolen by the government, and every measure was taken to prevent them obtaining any food.

Soviet Union leaders, Lenin, Trotsky, Stalin, Khruchchev and Brezhnev all are known for butchers of innocent people. Stalin being most evil human that ever lived.

There's a reason President Reagan called them the “Evil Empire”.

Mao Zedong was the leader of the Chinese Party from 1935 until his death in 1976. Chairman Mao, as he became known to generations of admiring Western leftists, is arguably the greatest mass murderer in history, eclipsing even the murderous Joseph Stalin in this regard. Some 70 million Chinese, along with countless Tibetans, Mongolians, Manchus, Koreans, Hmong, Uyghurs, and other nationalities, perished at his hands during his long and brutal reign.

Could the second seal be Communism? If so this seal has been opened for some time. All the pieces of the puzzle seem to fit.
Recap: A great global power, global intentions, mighty war machine, one minded spirit, over power peaceful nations, extremely cruel, kill its own people etc.

COMMUNISM

If Communism had a symbolic horse what color would it be 😊

PS: 336 million abortions under China’s one-child policy. More than half a billion birth control procedures, including at least 336 million abortions, have been performed in the name of the one-child policy. There are more than 13 million abortions a year, or 1,500 an hour, in China, according to government researchers, who blame the high figure on a lack of sex education.
When the Lamb broke the third seal, I heard the third living being say, “Come!” I looked up and saw black horse, and its rider was holding a pair of scales in his hand. And I heard a voice from among the four living beings say, “A loaf of wheat bread or three loaves of barley will cost a day’s pay. And don’t waste the olive oil and wine.” Rev 6: 5-6 (NLT)

And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand. And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and (see) thou hurt not the oil and wine. Rev 6: 5-6 (KJV)

We know from the Old Testament that a horse represents POWER, thus we are looking for a worldwide power. The power needs to be associated with the color black. We are looking for inflated prices for three loaves of barley will cost a day’s pay. We are looking for scales and measures. The power should not hurt the oil and wine.

We are looking for a great power. Symbolically associated with the color black. Scales and measures possibly world trade? A one minded spirit, my way or the highway. We need to look for inflated prices. Welcoming to Christians (not hurting the oil or wine) Global power that is different from the first two.

Take yourself to the heaven’s looking down on earth. Do not stand in the trees looking for the forest.

To help us identify the Black Horse, we looked for the opposite of Communism, our Father utilized opposites in the Bible often as a teaching tool. Planting verses uprooting, Life verses death, Killing verses healing and so forth.
CAPITALISM THE OPPOSITE OF COMMUNISM

In our study it was very apparent that Capitalism is considered an opposite for Communism. Most all our research put Capitalism on a pedestal when compared to Communism. However this is not our intent, for we are attempting to identify if Capitalism could coincide with the Black Horse in Revelation. With a small amount of research you will be able to come to the same conclusion, that Capitalism is the opposite of Communism.

We looked at what our Father’s Word said in the Old Testament about the scale to pinpoint its meaning:

*Your scales and weights must be accurate. Your containers for measuring dry materials or liquids must be accurate. I am the lord your God who brought you out of the land of Egypt.* Lev 19: 36 (NLT)

*You must use accurate scales when you weigh out merchandise.* (Deu 25: 13)

*The LORD detests the use of dishonest scales, but he delights in accurate weights.* (Pro 11: 1)

*The LORD demands accurate scales and balances; he sets the standards for fairness.* (Pro 16: 11)

*The LORD detests double standards; he is not pleased by dishonest scales.* (Pro 20: 23)

*Use only honest weights and scales and honest measures, both dry and liquid.* (Eze 45: 10)

*But no, the people are like crafty merchants selling from dishonest scales—they love to cheat.* (Hsa 12: 7)

*How can I tolerate your merchants who use dishonest scales and weights?* (Mic 6: 11)
You can’t wait for the Sabbath day to be over and the religious festivals to end so you can get back to cheating the helpless. You measure out grain with dishonest measures and cheat the buyer with dishonest scales. (Amo 8: 5)

THREE LOAVES OF BARLEY WILL COST A DAY’S PAY
A dollar today can buy only one sixth of what it could buy in 1971. In 1967, future Federal Reserve Chairman Alan Greenspan warned that leaving the gold standard would leave Americans vulnerable to forces that would devalue everything they own.

Compared to the White and Red Horse the Black Horse is much more elusive. Many think that the debt of the USA has past the point of rescue. Once the dollar collapses the door will be opened for the Black Horse to raise its ugly head. It’s already being talked about on the world stage. The problem with a one world monetary system is who would regulate it? Although we can now see how the dollar has been significantly de-valued upon its collapse “three loaves of barely will cost a days pay” or “you can not buy or sell.”

**HOLDING A PAIR OF SCALES**
**DOUBLE STANDARDS AND DISHONEST SCALES**

Although some business transactions are considered legal from the government view, the question remains if our Heavenly Father approves of them. Why does the cost of gas really jump 35 cents in 30 days? Some banks can pay their tellers simply by the late charges they take from their customers. Have you ever heard the words “to big to fail” is this fair? There are television channels totally focused on “American Greed”. The amortization? You buy something, a house for example for $100,000 on a 30 year amortization at 7% interest. At the end of the first 10 years you still owe $85,800. You have only paid off $14,200. That is right, you still owe $85,800.00 after 10 years. How can a country be in debt in the amounts of 17 trillion dollars? Who is getting this interest payment? How can this possibly ever be paid for? Who really is the winner in the wars that have been fought? The banks? Every time you turn around it seems another Bernie Madoff pops up. Many of us have lost thousands of dollars in the stock market/401K? We always hear of the losers, why don’t we hear about the winners, the money didn’t disappear.
ended up in someone’s pocket. We not only have the Bernie Madoff’s but we have complete corporations that were total rip-offs, (Enron as example). What’s this about bail the banks out, ah can we have them sell their cadillac’s and airplane’s first? By all means take their bonus’s away, but NO! I know of contract for deeds where $20,000 was put down on a home and when the home owner could not make the house payment the seller took the house back keeping the entire $20,000 put down on the home in only a matter of a few years. Then only to resell the house again and repeat the same process and this cycle kept repeating. The banking industry often uses 360 days a year verses 365 days a year that normally most people think of. Why? You will be given many reasons for this but the fact remains when a 360-day method (known as ordinary interest or banker’s rule) will yield significantly more interest to the lender. Then the foreclosure market’s, enough said, you get the idea. I’m not slamming Capitalism for there are many positives in it however there is a dark side of Capitalism that the Black Horse might be evolving out of. We easily found 9 verses in the Bible where our Father made it well known how He feels about dishonest scales. We certainly can see dishonesty today, some legal, some not.
"It is no coincidence that the century of total war coincided with the century of central banking."

Here is your God!

Families cannot have access to God-given plenty
Because governments bow down to Mammon, the golden calf.

FEDERAL RESERVE SYSTEM

The first two objectives are sometimes referred to as the Federal Reserve’s dual mandate. Its duties have expanded over the years, and today, according to official Federal Reserve documentation, include conducting the nation’s monetary policy, supervising and regulating banking institutions, maintaining the stability of the financial system and providing financial services to depository institutions, the U.S. government, and foreign official institutions.

The Federal Reserve has POWER, they tell our country what to do, just as your banker tells you what you can or cannot do financially.
The Federal Reserve Systems role as lender of last resort has been criticized because it shifts the risk and responsibility away from lenders and borrowers and places it on others in the form of inflation. Note, the Federal Reserve is an independent entity and is not part of our federal government. It's a bank with a lot of power.

Proverbs 22:7, The rich ruleth over the poor. And the borrower is servant to the lender. (KJV)

Most financial apps use a black or dark background

Note: Please be reminded what Jesus thought of the moneychangers. I realize they were in the Temple however He could have stated to move elsewhere, however Jesus took a whip to them. There was a dislike going on here, not just the location where the moneychangers were working.

When we looked for the opposite of Communism we also found that if a country was considered non-alignment with the red, the country would be considered black.

Example taken from Time magazine talking about Germany states; there are healthy differences between the partners: the Christian Democrats are semi-conservatives who favor free enterprise and firm ties to the West; the Social Democrats are liberals who favor some state control of the economy and call for a more open attitude toward the Eastern block nations. The article went on saying; In today’s West Germany, there are few men who could have forged the black-red coalition. This is real common in the European nations to describe the west this way. If non-aligned with the red you are considered black.
The symbol above or flag denotes the Trilateral Commission, originally set up by capitalistic nations in efforts to control their interests globally. The color is correct for their logo, black. I would urge all reader’s to investigate/google this organization and see if you feel this is just a part of the bigger picture to come. There’s books written on the trilateral commission, book cover shown below, and on occasion we have heard of this group in national news.
Above is the logo for the flag of the International Monetary Fund with the correct color.

(KJV) AND SEE THOU HURT NOT THE OIL AND THE WINE

We took this verse prophetically and symbolically.

Oil can represent the Holy Spirit and wine is also representative of the covenant blessings God promised to Israel for obedience and which He would withhold for disobedience. Where does the Holy Spirit reside? Among and within believers. Where do we find freedom of religion? Most Capitalistic countries are Christian friendly with USA being most Christian friendly nation in the world thus (see thou hurt not the oil and the wine).
Does the Black Horse represent Capitalism?

The black horses which are therein go forth into the north country; and the white go forth after them; and grisled go forth toward the south country. And the bay went forth, and sought to go that they might walk to and fro through the earth; and I said, Get you hence, walk to and fro through the earth. So they walked to and fro through the earth. Then cried he upon me, and apake unto me, saying, Behold, these that go toward the north country have quieted my spirit in the north country. (Zech 6: 6-8 KJV)

Is this the Black Horse of Revelation residing in the north country as spoken by Zechariah?

All the characteristics fit, inflated prices, trade and commerce/scales, opposite of seals 1 & 2, where the oil and wine will not be hurt, extremely powerful, presides in the north countries. All the puzzle pieces seem to fit.

The scripture below reads as if just broadcasted on CNN.

(Nehemiah 5: 3-5 ESV)  
There were also those who said, “We are mortgaging our fields, our vineyards, and our houses to get grain because of the famine.” And there were those who said, “We have borrowed money for the king’s tax on our fields and our vineyards. Now
our flesh is as the flesh of our brothers, our children are as their children. Yet we are forcing our sons and our daughters to be slaves, and some of our daughters have already been enslaved, but it is not in our power to help it, for other men have our fields and our vineyards.”

The fall of the USA will be its debt for whoever controls your debt controls you!

If the world monetary system had a horse, what color would it be? Woops, I guess some already picked the color of their horse.
JESUS BREAKS THE 4TH SEAL OF THE SEVEN

When the Lamb broke the fourth seal, I heard the forth living being say, "Come!" I looked up and saw a horse whose color was pale green. Its rider was named Death, and his companion was the Grave. These two were given authority over one-fourth of the earth, to kill, with sword and famine and disease and wild animals. (Rev 6: 7-8 NLT)

When the Lamb opened the fourth seal, I heard the voice of the fourth living creature say, "Come!" I looked, and there before me was a pale horse! Its rider was named Death, and Hades was following close behind him. They were given power over a fourth of the earth to kill by sword, famine and plague, and by the wild beasts of the earth. (Rev 6: 7-8 KJV)

Prior to our study of the 4th horse we need to determine what the color of this horse actually is. Is it pale or green or both? The Greek-word is (Chloros) which represents green. Chloros is the word in Revelation 6: 8 as shown above. The same word Chloros is translated green in Mark 6:39 (commanded them all to sit down by companies upon the (Chloros) green grass). Again this word Chloros is used in Rev 8: 7, but translated as green, (a third of the trees were burnt up, and all (Chloros) green grass was burnt up. The same thing is also found in Rev 9: 4 where Chloros is translated as green. We feel the translations should all be the same. We will begin our study looking for a green horse and see what happens. We can only assume the translators felt that there was no such thing as a green horse. A few translations state pale green however many do not. Who’s ever seen a green horse is probably what the translators were thinking. However the correct translation can easily be green as we have shown above.

We know from Old Testament teachings that a horse represents POWER. We are looking for a great power that will have authority over one-fourth of the earth. Take note that this verse tells us straight out that the horse has power/authority. We are looking for a power aligned with the color green. Its rider has a
name: Death, (capital D an actual name). We should look for an opposite of the 1st, 2nd, or 3rd horses. His companion was the grave. The opposite of the grave biblically is eternal life. This power was given one-fourth of the earth to kill. Then we are given examples of what is used to kill. Note that this power will basically use any thing it can imagine to kill with. We also know from biblical study that Satan can be referred to as Death.

**SYMBOLICALLY GREEN**

The color green has a special place in Islam. It is used in the decoration of mosques, the bindings of Qur’ans, the silken covers for the graves of Sufi saints, and in the flags of various Muslim countries. Green has been associated with Islam for many centuries. The color green was the color used by Muhammad’s tribe on their flags. According to Muslims the color green symbolizes nature and life. In the Qur’an (Surah 76:21), it is said that the inhabitants of paradise will wear green garments of fine silk. The color green has been considered especially Islamic for centuries. Crusaders avoided using any green in their coat of arms, so that they could not possibly be mistaken for their Muslim opponents in the heat of battle. Green is considered the traditional color of Islam.

Islamist celebrated 9/11 by slaughtering more Americans: “the U.S. ambassador to Libya and three other American staff members were killed in an attack on the U.S. consulate in the Libyan city of Benghazi. Meanwhile in Egypt, Islamists stormed the U.S. Embassy.
Global Intentions
There were numerous camera’s that caught Muslims cheering after the attack on the twin towers. How about the ones the camera’s never caught? Is this the power that would kill with wild animals? These who have killed as shown in the above pictures were certainly animals for no human could kill innocent people this way.

**A POWER THAT LOVES DEATH**

Muslim leaders the world over are preaching the doctrine of Death. They love death. They say, “We are going to win, because they love life and we love death,” said Hassan Nasrallah, the leader of Hezbollah. He has also said: “Each of us lives his days and nights hoping more than anything to be killed for the sake of Allah.” Shortly after 9/11, Osama bin Laden told a reporter: “We love death. The U.S. loves life. That is the big difference between us”. “the Americans love Pepsi-Cola, we love death.” Explained Afghani al Qaeda operative Maulana Inyadullah. Sheik Feiz Mohammed, leader of the Global Islamic Youth Center in Sydney, Australia, preached: “We want to have children and offer them as soldiers defending Islam. Teach them this : There is nothing more beloved to me than wanting to die as a Mujahid.” Ayatollah Ali Khamenei said in a speech: It is the zenith of honor for a man a young person, boy or girl, to be prepared to sacrifice his life in order to serve the interests of his nation and his religion.

To the Muslim religionist death is victorious because he believes he will be united with 72 virgins in some “Paradise” after he blows himself up in his misguided attempt to please his god-Allah. Under this interpretation of the Koranic verse, Islam is a suicide/death cult and Mohammed taught that death is good and glorious.

I John 4:3, *And every spirit that confesseth not that Jesus Christ is come in the flesh is not of God: and this is that spirit of antichrist, whereof ye have heard that it should come and even now already is it in the world.* (KJV)

All the characteristic’s fit, a great power, the color green, authority over one quarter of the earth, celebrates death, global intentions, global influence, kills with no remorse, loves death and kill by any means.

If Islamism had a symbolic horse what color would it be 😎

**IS THE GREEN HORSE ISLAMISM?**

But the serpent said to the woman. “You will not surely die.” (Genesis 3: 4)

The devil throughout all time has been trying to persuade humans to die. (Since the seventh century Islam has been doing the same.)

*The last enemy to be destroyed is death.* (1 Corinthians 15: 26)

*Its rider was named Death* (Rev 6: 8)

*“Crescent” shown on many Islamic flags*

**Jdg 8:21** So Zebah and Zalmunna said, “Rise yourself, and kill us; for as a man his strength.” So Gideon arose and killed Zebah and Zalmunna, and took the crescent ornaments that (were) on their camel’s necks. *(NKJV)*

**Jdg 8:26** Now the weight of the gold earrings that he requested was one thousand seven hundred (shekels) of gold, besides the crescent ornaments, pendants, and purple robes, which (were) on the kings of Midian, and besides the chains that (were) around their camel’s necks. *(NKJV)*

A Midianite is still an enemy of Christians to this day.
The One and Only God glorifies Himself

Take the maps of each horse and overlay them on the blank map shown above. The entire world covered by 4 HORSES/POWERS. Only God could have such control? Prophecy written 2,000 years ago, two prophets living many years apart, with the prophecy matching each other and then for us to see this prophesy unfold some 2,000 years latter, identifying each element of the prophecy within our current time frame. This is not coincidence. For this type of accuracy is the work of the mighty arm of God. Coincidence in this case is impossibility. A statistical study or probability study regarding the odds of this happening would certainly be interesting. Can the mysteries of this world be revealed? According to the Bible they can be, we are supposed to understand.

We started this study with understanding that the Old Testament shown a horse represented POWER, symbolically a type of SPIRIT, that can form or bring forth governments, conquerors, famine, pestilence, death and war or possibly all the above. We are concluding our study understanding that it is all the above.
Remember early in our study we found a horse can represent judgment, and usually dramatic judgment for the sake of purification. We also understand that Jesus opened these seals 1-4. When does man turn to God? Often after a catastrophe we will turn to God? This really is not much different than what happened in the Old Testament time. God allowed powers of the world to carry his people away due to their disobedience. Biblical story after biblical story shows where disobedience leads to judgment and tribulation, thus why would we be any different. Remember Israel of the Old Testament; the better things were the further away from God they got. Judgment after judgment came down, God was warning them and did not want to see them perish. Furthermore God choose his people for a purpose and when we start walking in our path, rather than God’s path, we should plan on being corrected. We are no different than those of the Old Testament, for we have drifted further and further from God. If God can get our attention to wake us up and repent and go back to him it is surely better than the second death that is spoke of in the Bible. Remember He loves us, he does not want to see us perish, He died on a cross for us.

The colors that were on the maps are exactly how these maps were printed off the Internet. Nothing included in this study was fixed in anyway, statements and pictures were printed as found on the internet.

We hope you followed our suggestion by coloring in the blank map showing the 4 POWERS/HORSES covering the entire globe. When coloring in the world map save space for a nation known today as Israel. Although the modern day state of Israel is very corrupted, as is the rest of the world, it will likely play a role in the end times. There may only be a hand full a remnant left however they will win. Yep, a tinny remnant WINS!! How? Just like Gideon of the Old Testament. Why, God will show the world it is He who fights the battle just as he did during the days of Gideon. We should not close our eyes to the fact that all nations Israel fought against in the Old Testament days are presently Muslim. When Jesus returns where does he go? Isaiah 19 “Behold the Lord rideth upon a swift cloud and shall come into Egypt”. 
As stated in the beginning of the study, your understanding of the Four Horsemen is between you and the Holy Spirit. We are merely sharing our study with you. Open up your Bible and see what it says to you.

*Amen, Thank You Father*
